 \${political\_party} =9993 or \${political\_party} =9994 or \${political\_party} =9995 or  
 \${political\_party} =9996 or \${political\_party} =9997*

- 10 Have you ever heard of the National Clean Air Programme?

*Question relevant when: ( \${group} =2 or \${group} =3)*

Breathing polluted air contributes to heart and lung disease and can even lead to death. Because air pollution is bad for health, the National Clean Air Programme (NCAP) was started by the central government in January 2019 to reduce air pollution. The goal of the program is to reduce air pollution by 40% from 2017 levels by 2026. 131 cities are covered by the program. Your city [city] is covered by the program. Cities have come up with their own plans for reducing air pollution, including things like expanding air quality monitoring, switching to electric buses, and reducing industrial emissions. The central government has set aside more than 9,000 crore for this program since 2019.

*Question relevant when: ( \${group} =2 or \${group} =3)*

- 11 What is your opinion? What effect do you think this program will have on air pollution? Do you think this program will have no effect on air pollution, will have a small effect, or it will reach its goals?

*Question relevant when: ( \${group} =2 or \${group} =3)*

Since the policy started, there has been no effect on air pollution. The cities covered by NCAP have not seen any decline in air pollution compared to the cities not covered by NCAP.

*Question relevant when: \${group} =3*

- 13 Now I want to learn your opinion about the Indian national government's policies and actions to reduce air pollution. What do you think of what the government is doing to reduce air pollution? Do you think they are doing too much, they are taking all the required actions, or they are not taking enough actions?
- 14 Now I want you to think about the financial and political costs the government is willing to pay to achieve the objective of reducing air pollution. How dedicated do you think the Indian national government is to reducing air pollution. Are they dedicated, slightly dedicated, or not dedicated?
- 15 How satisfied are you with the Indian national government's policies and actions on air pollution? Are you satisfied, slightly satisfied, or not satisfied?
- 16 Based on what you now know about NCAP, what is your opinion? What effect do you think this program will have on air pollution? Do you think this program will have no effect on air pollution, will have a small effect, or it will reach its goals?
- Question relevant when: \${group} =3*

- 17 The national election was just held. Did you vote?

- 18 What was the most important issue for you while voting in this election?

*Question relevant when: \${voted} =1*

- 1 Yes
- 2 No
- 1 Program will have no effect
- 2 Will have a small effect
- 3 Will reach its goals
- 1 They are doing too much
- 2 They are taking all the required actions
- 3 They are not doing enough
- 1 Dedicated
- 2 Slightly dedicated
- 3 Not dedicated
- 1 Satisfied
- 2 Slightly Satisfied
- 3 Not Satisfied
- 1 Program will have no effect
- 2 Will have a small effect
- 3 Will reach its goals
- 1 Yes
- 2 No
- 1 Unemployment
- 2 Poverty
- 3 High population
- 4 Corruption/scam
- 5 Price rise/inflation
- 6 Development done by the Modi government
- 7 Lack of development
- 8 Air pollution
- 9 Roads or transportation etc.
